## Oxygenics Makes InStyle Home Magazine's Top Green Products List

Giving back to the planet and doing your part to conserve water and energy resources doesn't have to be difficult or time consuming. The editors at InStyle Home Magazine set out to find 16 easy things anyone can do that will make an impact on the environment.

Coming in at #3 is the Oxygenics® FiveStar™ Resort Spa®. Installing any of our Oxygenics showerheads is an easy, quick way to save water and energy without sacrificing a satisfying shower. The patented technology uses less water and pressurizes the water you are using, so you won't even know you're saving water! It's the best of both worlds.

# THE GREEN WAY

You don't have to live off the land to do your part. Here are some things you can do to make a difference.

## CLEANSE YOUR CONSCIENCE

Wash under a low-flow Oxygenics Five Star Resort Spa series nozzle and enjoy great water pressure without wasting H<sub>2</sub>O (\$60; oxygenics.com).

A family of four can save **20,000 gallons** of water each year using this.

## BREAK THE FAST IN BAMBOO

Mini-Me's bowls let you serve your oatmeal in a renewable resource and contribute to the world's health (diameter: 4 1/2", Bambu, \$12 each; bambu.greenfeet.com).

## AT THE OFFICE

### PRINT SMARTER

The paperless office may be a pipe dream, but you can at least lobby management to introduce copy paper that's 30 percent recycled (\$30 for 10 reams of 8 1/2" x 11" sheets; staples.com).

### TOTE YOUR LUNCH IN TARTAN

Kick the daily paper-sack habit with Built NY's Gourmet Getaway neoprene bag, which keeps food hot or cold for up to four hours (H: 13 1/2", W: 13 1/2", D: 8", \$23; builtny.com).
